Sent: Saturday, February 21, 2015 6:00 PM
To: Forese-Web
Subject: SRP Price Road Corridor

Dear Mr. Forese,

I am so disappointed that you chose to have your assistant meet with representatives of Sun Lakes.

My husband and I met you and your lovely wife when you first ran for the Arizona Legislature at a Sun Lakes Republican Dinner. I remember you said you were running because you wanted to throw things at the TV because of how things were going.

We have supported you and told our friends to do the same.

The word in Sun Lakes is that you feel Sun Lakes residents would never vote for a Democrat so we are not quite as important as other Chandler residents. We are hoping you have not turned into just another politician.

Tom, please hear us out. I feel meeting with your assistant is just a courtesy.

Regards,
Pat Porter

Subject: SRP Price Road Corridor

Dear Commissioner Forese,
I have written before but feel obligated once more.

I know there has been numerous public presentations and contact information shared with the community. At this point I have seen nothing that suggests a desire on the part of SRP to be other than concerned with what is in the best and least expensive route for them and what they can also use to address potential further development south and west of the Hunt Highway and Price Road. To suggest any concern for the home owners, primarily in the Sun Lakes community, is simply just appeasing them while moving in the only direction they want. The construction of these totally obtrusive power lines will be a totally inconsiderate abuse of what those who have retired to this area did so for. The other options in already developed manufacturing and retail areas plus a more reduced area of populous just doesn't make any sense except for financial positives for SRP.

Please do not approve SRP's request for the Price Road & Hunt Highway option.

Phoenix, AZ 85007

Dear Commissioner Forese:

For the past two years, I have had the privilege to serve as the City of Chandler's liaison to both the community and Salt River Project as SRP began a process to site new 230 kV power lines through our City.

While this process has been challenging at times, we commend SRP for listening to us and our residents. They were extremely thorough in their community outreach efforts, and ultimately chose routes that will be the least impactful on our residents. We fully support their decision.

Speaking with hundreds of residents and SRP officials these many months has given me a strong insight as to the decision before you, and the routes presented are truly in the best interests of the region. Please call me anytime if you would like to discuss this further.

Sincerely,

Rick Heumann
Chandler City Councilmember
